Rejoinder

The Applicants respectfully request that the Examiner rejoin and allow the method claims (claims 22, 23, 46-50, 58-74). These claims depend from claims to host cells, and therefore come within the same unity of invention as the allowed claims. In addition, dependent claims to species e.g., claims 11, 38 and 52), should now be rejoined in view of the allowability of the broader independent claims. Note that this application is a National Phase application of PCT/US/00/20519. Rejoinder is mandated by both the PCT rules (see, e.g., MPEP 1850) and under MPEP 821.04.

A Petition requesting withdrawal of the species election is being submitted to the Office under separate cover. This Petition would be mooted if the Examiner agrees to rejoin all the withdrawn claims and to examine all claims entered above.

This amendment is being filed with a Request for Continued Examination and Petition for Extension of Time.

The Office is authorized to charge any fees required to maintain the pendency of this application, including fees for excess claims and Petitions of Time, to Deposit Account 06-1050.

Respectfully submitted,
